THE IRRIGATION SYSTEM IMPROVEMENT PROJECT (PROJECT)

WHEREAS

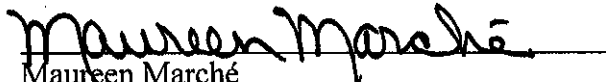

1. The District has requested an ADLP loan of \$1,800,000 for the Project.

5. The Central Valley Regional Water Quality Control Board's Regional Water Quality Control Plan recommends best management practices, consisting principally of water conservation measures, be implemented for the control of agricultural subsurface drainage.

THEREFORE BE IT RESOLVED THAT

SWRCB authorizes issuance of a \$1,800,000 loan contract and amendments from the ADLP to the District for the Project, providing that the loan to the District will be conditioned upon the fulfillment of all California Environmental Quality Act requirements that pertain to the project.
